EPRE Miguel Castro Castro

Lima, 17, may, 2022

Dear Father Willi and parish community of Santo Thomas.

It is a joy to be able to greet you and at the same time send you the immense gratitude of the inmates of the Miguel Castro Castro prison, especially of the patients who are receiving the reinforcement breakfast from Monday to Friday. Thanks to your financial help, it has been possible to implement the food reinforcement program that we have been carrying out since September 2021: This year there are 30 inmates who are receiving this help, they are very grateful: "God bless you for the charity you do with us" This are words we hear every moment from them.

Thank God, the pandemic has improved a lot, we are already resuming our activities: workshops, missionary training, catechesis of the sacraments, liturgy in small communities, and from June we will have an emotional healing workshop and bible course, etc.

The experience of the pandemic has deeply touched the inmates, many of whom are very eager to participate in the activities carried out by the Chaplaincy. I deeply appreciate the generous help you have been giving us over all these years, without your support it would not be possible to carry out our pastoral work. THANK YOU SO MUCH!!!

I understand that the pandemic has affected everyone, but I think that the prisoners more harshly because the families who are the ones who provide their basic needs, now they can no longer do so because the majority not have work... For this reason, I turn to you again to ask you to help us with financial resources to be able to continue with our pastoral work for the rest of the year 2022. I enclose the 2022 project.

I pray to God and the Blessed Virgin to bless you abundantly.
